After The Grippe

"I am much pleased, to be able to write and thank you for what Cardui has done for me," writes Mrs. Sarah J. Gilliland, of Siler City, N. C.

"Last February, I had the Grippe, which left me in bad shape. Before that, I had been bothered with female trouble, for ten years, and nothing seemed to cure it.

"At last, I began to take Cardui. I have taken only three bottles, but it has done me more good than all the doctors or than any other medicine I ever took."

Take CARDUI

The Woman's Tonic

For the after-effects of any serious illness, like the Grip, Cardui is the best tonic you can use.

It builds strength, steadies the nerves, improves the appetite, regulates irregularities and helps bring back the natural glow of health.

Cardui is your best friend, if you only knew it.

Think of the thousands of ladies whom Cardui has helped! What could possibly prevent it from helping you?

Remember you cannot get the benefit of the Cardui ingredients in any other medicine, for they are not for sale in any drug store except in the Cardui bottle. Try Cardui.

More In His Line.

"Do you think I will make a player?" asked a sluggish applicant for football.

"You may make a chess player," said the coach. "You are slow enough in moving."

It is the little pleasures which make life sweet, as the little displeasures may do more than afflictions can to make it bitter.

Confide a secret to a dumb man and it will make him speak.—Livonian.

GLORIA GASOLINE LIGHTING SYSTEM, PERFECT

A practical resident light; the only gasoline light that can be successfully manipulated by women and children. More brilliant than electricity and 50 per cent cheaper. The lights can be turned up or down at will; can be lighted INSTANTLY at any time of day or night WITHOUT GENERATING. This is a fact not contained in any other gasoline lighting system. With the Improved Plant in connection with the Gloria Lamp, there is absolute success in the system. There is no direct handling of gasoline in this system, the gasoline being forced in the pressure tank by pump. This obviates the handling of gas as in the old plug filler plans. At the same time the pressure is maintained in the whole system continually. This system can be attached to your gasoline stove and will save your wife the trouble of filling the stove. I am prepared now to put this system in your home or place of business. Call and see two plants of this system in operation now in Fort Pierce. I will call on you shortly with this lighting plant. The Improved Plant is patented by
